

Second Year B.Sc. Nursing Examination

Medical Surgical Nursing-I

Date : 24-07-2018, Tuesday]

[Max. Marks : 75

Time : 3 Hours]

- Instructions :
- (1) Answer to the point.
  - (2) Figure to the right indicate marks.
  - (3) Write legibly.
  - (4) Draw diagrams wherever necessary.
  - (5) Use separate answer books for each section.

SECTION - I

Q-1. Define following.(Any Five)

2x5=10

- |             |        |                      |
|-------------|--------|----------------------|
| 1. Immunity | 2.Pain | 3.Pulmonary embolism |
| 4. AIDS     | 5.COPD | 6.Rehabilitation     |

1+3+4=8

Q-2. Write answer for the following.

1. Define Cushing's disease
2. Explain etiopathophysiology of Cushing's disease
3. Discuss Nursing management of a patient with Cushing's disease

3X4=12

Q-3. Write nursing care for following patients. (Any Three)

1. A patient with congestive heart failure
2. A patient with renal failure
3. A patient with gastric surgery
4. A patient with blood transfusion

2X4=8

Q-4. Write Short Notes.

1. Diabetic ketoacidosis
2. Portal hypertension

SECTION - II

2x5=10

Q-5. Define following.(Any Five)

- |          |                |            |
|----------|----------------|------------|
| 1. CPR   | 2.Meningitis   | 3.Fracture |
| 4. Edema | 5.Peptic ulcer | 6.Angina   |

1+2+4=7

Q-6. Write answer for the following.

1. Define leukemia
2. Explain etiopathophysiology of leukemia
3. Discuss Nursing management of a patient with leukemia

4x5

Q-7. Write Short Notes. (Any Four)

- |                    |                |          |
|--------------------|----------------|----------|
| 1. BMW             | 2.Asthma       | 3.Hernia |
| 4. Palliative care | 5.Pneumothorax |          |

Second Year B.Sc. Nursing Examination  
Pharmacology, Pathology & Genetics

Date : 26-07-2018, Thursday]  
Time : 3 Hours]

[Max. Marks : 75

- Instructions :
- (1) Answer to the point.
  - (2) Figure to the right indicate marks.
  - (3) Write legibly.
  - (4) Draw diagrams wherever necessary.
  - (5) Use separate answer books for each section.

## SECTION I

- 1 Define the following : 6
- |                    |                    |
|--------------------|--------------------|
| ( a ) Half life    | ( d ) infection    |
| ( b ) Pharmacology | ( e ) inflammation |
| ( c ) prescription | ( f ) diuretics.   |
- 2 Write short notes on (any three) : 12
- |                             |   |
|-----------------------------|---|
| ( a ) Antiarrhythmic drugs  | ( d ) Role of ACE inhibitor in hypertension |
| ( b ) Drug interactions     | ( e ) Diazepam use and side effect          |
| ( c ) Transudate & exudates | ( f ) Discuss penicillin in pharmacology.   |
- 3 Write mechanism of action, indication, avers effect, contra indication and nursing responsibilities of the drugs (any five) : 20
- |                 |                    |
|-----------------|--------------------|
| ( a ) Propenol  | ( d ) tetracycline |
| ( b ) Lasix 4   | ( e ) paracetamol  |
| ( c ) Aspirin 3 | ( f ) gentamycin.  |

## SECTION II

- 4 Define the following (any five) : 5
- |                    |                    |
|--------------------|--------------------|
| ( a ) Infiltration | ( d ) Appendicitis |
| ( b ) Pneumonia    | ( e ) Gastritis    |
| ( c ) Pancreatitis | ( f ) Glossitis.   |
- 5 Write short notes on following (any four) : 20
- |   |                     |
|---|---------------------|
| ( a ) Stool examination                           | ( d ) genemutosis   |
| ( b ) importance of study of pathology in nursing | ( e ) carcinogenic. |
| ( c ) blood transfusion reaction                  |                     |
6. Answer the following (any three) : 12
- ( a ) Genetherapy
  - ( b ) application of genetic in nursing
  - ( c ) morphology of myocardial infaction
  - ( d ) karyotyping of m genes.

Second Year B.Sc. Nursing Examination  
Community Health Nursing-I

Date : 31-07-2018, Tuesday]  
Time : 3 Hours]

[Max. Marks : 75

- Instructions :
- (1) Answer to the point.
  - (2) Figure to the right indicate marks.
  - (3) Write legibly.
  - (4) Draw diagrams wherever necessary.
  - (5) Use separate answer books for each section.

**SECTION-I**

**Q-1. Short answers for the following any five:**

5 × 5 = 25

1. Dimensions of health
2. Eugenics
3. Food adulteration act
4. Epidemiology and nursing management of poliomyelitis
5. Methods of data collection
6. Epidemiological triad

**Q-2. a. Enlist the aims of epidemiology**  
**b. Describe the dynamics of disease transmission**

5 + 7 = 12

**SECTION-II**

**Q-3. Short answers for the following any five:**

5 × 5 = 25

1. Levels of prevention
2. Scope of demography
3. Women empowerment
4. Control measures of rodents and arthropods
5. Role of nurse in iodine deficiency control programme
6. Malnutrition

**Q-4. a. List out the causes & impacts of population explosion**  
**b. Explain the temporary family planning methods**

5 + 8 = 13

Date : 02-08-2018, Thursday]

Time : 3 Hours]

- Instructions :
- (1) Answer to the point.
  - (2) Figure to the right indicate marks.
  - (3) Write legibly.
  - (4) Draw diagrams wherever necessary.
  - (5) Use separate answer books for each section.

[Max. Marks : 75

**SECTION I**

- |   |   |    |
|---|---|----|
| 1 | Give the definition of sociology and its relationship with nursing.     | 13 |
|   | <b>OR</b>   |    |
| 1 | Describe meaning and classification of groups.                          | 13 |

Pharmacology, Pathology & Genetics

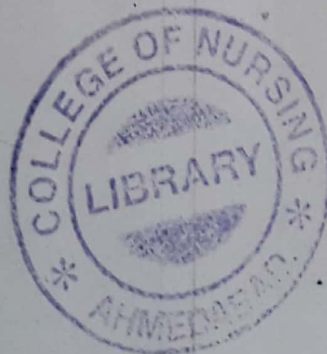

Date : 30-07-2012 Monday]  
Time : 3 Hours]

[Max. Marks : 75

- Instructions :
- (1) Figure to the right indicates full marks.
  - (2) Draw diagrams wherever necessary.
  - (3) Use separate answer book for each section.
  - (4) Write legibly.

SECTION I

- 1 Define following terminology. (ANY FOUR) (08)
  1. pharmacokinetics
  2. Adverse effect
  3. Mixed agonist-antagonist
  4. Clinical pharmacology
  5. Therapeutic index
- 2 a. Describe briefly the various factors modifying action of the drug. (5)  
b. Describe briefly the drugs used for the treatment of Tuberculosis. (5)
- 3 Write dose, action, indications, side-effects and nurse's responsibilities (20) of following drugs. (ANY FOUR)
  1. Heparin
  2. Enalapril
  3. Prednisolone
  4. Amoxicillin
  5. Phenytoin

[P.T.O.]

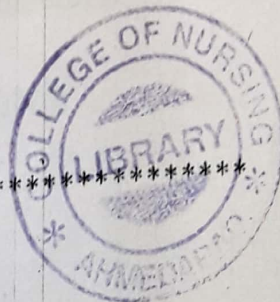

## SECTION II

- I. Define following: (Any five). (5)
- 1) Atrophy
  - 2) Infarction
  - 3) Carcinoma in-situ
  - 4) Phagocytosis
  - 5) Necrosis
  - 6) Exudate
  - 7) Aneurysm
- II. Write briefly various methods of blood collection for clinical pathology tests. Discuss megaloblastic Anaemia (10)
- III. Discuss Pathogenesis of the following: (any two) (10)
- 1) Emphysema
  - 2) Rheumatic Heart disease
  - 3) Acute Glomerulonephritis
  - 4) Typhoid ulcer
- IV. Define following : (any five) (5)
- 1) Teratogens
  - 2) Karyotyping
  - 3) Telomere
  - 4) Aneuploidy
  - 5) Inversion
  - 6) Mutation
  - 7) Ring Chromosome
- V. Discuss genetic methods for defects and diseases in neonates and children (7)

- 2 (a) Define family planning 2  
 (b) Explain permanent methods of contraception in detail. 8
  
- 3 Write short note (any three) : 15

(1) Pollution Control Board	(4) Leprosy
(2) Chlorination of Water	(5) Slow sand filtration
(3) Demographic cycle.	
  
- 4 Fill in the Blanks : 3

(1) Full form of DOTS is .....	
(2) Full form of DDT is .....	
(3) According to biomedical concept of disease, illness is due to ..... in the body.	

**SECTION II**

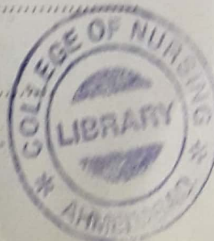

- 5 Write short note on (any three) : 15

(1) Level of prevention	(4) Morbidity and mortality
(2) Refuse disposal	(5) Food adulteration
(3) Women empowerment	
  
- 6 Define Epidemiology. Explain descriptive method of Epidemiology in detail. 10  

**OR**

Explain epidemiological features of viral Hepatitis
  
- 7 Discuss the role of a community Health Nurse in promotion and maintenance of Health. 8
  
- 8 Fill in the Blanks : 4

(1) The constant presence of disease within geographical area is called .....	
(2) Measures of severity of disease are called .....	
(3) Causative organism of dengue is .....	
(4) Causative organism of chicken pox is .....	

Second Year B.Sc. (Nursing) Examination  
(Fresh & Repeater)

Communication & Educational Technology

[Max. Marks : 75

Date : 06-02-2012, Monday]

Time : 3 Hours]

- Instructions :
- (1) Figure to the right indicates full marks.
  - (2) Draw diagrams wherever necessary.
  - (3) Write each section in a separate answer book.

SECTION I

Q-1 Define following ( Any five) 10

- 1, Education    2, Communication    3, Group    4, evaluation
- 5, Team work    6, Guidance

Q-2 write short notes ( Any four) 20

- 1, Lecture Method    2, Symposium    3, Flash cards
- 4, Over head projector    5, Demonstration method

Q-3 write importance of human relations in the  
context of nursing 08

SECTION II

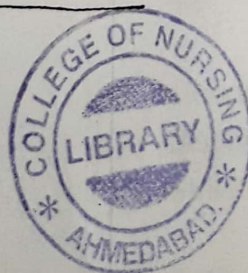

Q-4 write the principles and maxims of the teaching 10

Q-5 write short notes ( Any three ) 15

- 1, Seminar    2, Counseling process
- 3, Difference between guidance & counseling
- 4, Health Education

Q-6 A, what is evaluation ? List out types , write its purposes 08

B, what is communication? list out the barriers  
of communication 04

Pharmacology, Pathology & Genetics

1-40

Date : 31-01-2012, Tuesday  
Time : 3 Hours

[Max. Marks : 75]

- Instructions :
- (1) Figure to the right indicates full marks.
  - (2) Draw diagrams wherever necessary.
  - (3) Write each section in a separate answer book.
  - (4) Write to the point.

SECTION I

- 1 Define following terminology (any four) : 8
- |                             |                    |
|-----------------------------|--------------------|
| ( a ) Adverse drug reaction | ( d ) Half life    |
| ( b ) Synergism             | ( e ) Anaphylaxis. |
| ( c ) Pharmacokinetic       |                    |
- 2 ( a ) Describe briefly the various routes of drug administration. 5  
 ( b ) Describe briefly the drugs used for the treatment of bronchial asthma. 5
- 3 Write dose, action, indication, side effects and nurse's responsibilities (any four) : 20
- |                |                          |
|----------------|--------------------------|
| ( a ) Oxytocin | ( d ) Digoxin            |
| ( b ) Insulin  | ( e ) Lasix              |
| ( c ) Betadine | ( f ) Dopamine infusion. |

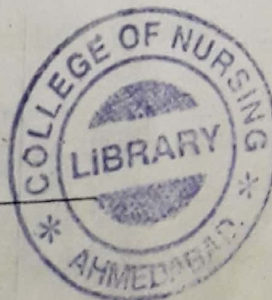

SECTION II

- 4 Define following terminology (any five) : 5
- |                         |                        |
|-------------------------|------------------------|
| ( a ) In situ carcinoma | ( c ) Malignant growth |
| ( b ) Inflammation      | ( f ) Regeneration     |
| ( c ) Infiltration      | ( g ) Wound healing.   |
| ( d ) Benign growth     |                        |
- 5 Discuss blood grouping and cross matching. 10
- 6 Discuss pathogenesis of following (any two) : 10
- |                               |  |
|-------------------------------|--|
| ( a ) Rheumatic heart disease | ( c ) Tuberculosis                       |
| ( b ) Cholecystitis           | ( d ) Carcinoma of cervix & endometrium. |
- 7 Define following (any five) : 5
- |                     |                              |
|---------------------|------------------------------|
| ( a ) Mutation      | ( d ) Genetic testing        |
| ( b ) Consanguinity | ( e ) Sex linked inheritance |
| ( c ) Gene therapy  | ( f ) Structure of gene.     |

Down's syndrome (Trisomy 21).

Surrogate mother.
